Treehouse that is very open and welcoming. We had three people sharing the space and its a wonderfully conceptualized tiny home. If you're upstairs in the loft and people are downstairs you can feel the structure swing ever so slightly. Was really neat! We loved the benches outside, porch view, shower, and space that Tim created. Very well done, especially the details. For instance there was a little bird house carved out of a snag (dead tree) and it was facing the parking area. All amenities and comforts are well thought through and available. Bravo.

A great stay for our family of 4. Beautiful touches throughout the place. Great firepit with grill grate for easy cooking. Comfortable loft bed and futon for the children. Might be a little tight for teenaged children, but worked great for our family. Beautiful porch area as well. Only thing that would have been a great addition would be an outdoor faucet/hose for easy access to water while cooking outside or for putting out the fire. Would highly recommend.

The Crooked Shutter Treehouse was an awesome Fall Break getaway for my two sons and me. The setting is beautiful and the treehouse is cozy and has everything you need. It is really nicely designed and appointed. I appreciated the guidebook that was provided for guests. The fire pit area is nice and was perfect for s'mores in the evenings. My kids loved it!

My husband and I stayed here the night of our wedding and enjoyed the next night there as well! It was absolutely beautiful and offered a beautiful sunset view! We loved having the bonfire and were able to cook hotdogs and enjoy our evening there! The place felt at home instantly, was the perfect size to feel, cozy, and peaceful, and away from all the bustle of city life! Would highly recommend for charming weekend away!

WOW! One of the best airbnbs I've ever stayed at! This was such a peaceful get away from our busy life in Houston, TX. So so glad this treehouse was available while I was in NC for work. This treehouse is very secluded, the outdoor shower is incredibly unique and refreshing, the bed was extremely comfortable and being able to drink morning coffee in the rocking chairs was so peaceful!

Tim was super communicative and helpful as well!

Already looking forward to booking a trip back!

Tim's Treehouse is STUNNING! The morning view is simply breathtaking. My daughter and a Daddy/Daughter weekend getaway and we couldn't have picked a better location than this! Highly recommend! The outdoor shower, loft, watching the deer and wildlife, and s'mores by the firepit were some of our favs! We hope to stay again in the future.

The Crooked Shutter Treehouse was the perfect quick getaway destination. We gladly passed many hotels on the way to the property. Surrounded by a beautiful forest and rolling hills, we felt like we were picked up and placed in the mountains, only we didn't have to travel as far. We enjoyed the private cabin feel. The fire pit perfect. We roasted hotdogs and had S'mores as our late night snack, as we sat by the crackling fire. We felt safe and at peace. The property was beautiful, clean, and well cared for. Tim was the perfect host. He gave perfect instructions and always responded quickly and kindly to my messages and questions. I would definitely stay again if I have the opportunity and I'll be recommending TCS Treehouse to my friends and family.

Diana

This was really a perfect place to stay. The incredibly peaceful environment paired with the clean and tidy space was a perfect combination for a restful night. My wife and I only booked this for one night and regret having to leave. Tim really thought of everything to make you comfortable and welcome. The space is incredibly private but also within a short drive of tons of things to do.

This place was so beautiful and quiet. We loved getting out to hike and do things in Charlotte but also really loved just lazing around the treehouse: drinking wine or coffee, playing board games, watching the sunset on the rockers... we'll definitely be back!

Abby Li

Anna-Louise

1. September 2023

We used this space as a place to stay just for one night while we enjoyed a concert in Charlotte! We have already decided we need to come back just for the "treehouse experience" and enjoy games, fishing, walking, etc. Can't wait!

Troy

1. September 2023

We had the most peaceful time spending the night at the Crooked Shutter Treehouse. Tim was an amazing host! The house was super clean and the bedding was cozy. The small details throughout the place are the best. We loved all the natural light and the rocking chairs on the porch. Highly recommend!

Jessica

1. September 2023

We loved our stay at the treehouse and would recommend it to couples or small families looking for a peaceful getaway. Our boys (9 & 4) were amazed by the treehouse design and are already asking when we can go back.

The treehouse is private and peaceful with a beautiful view from the porch - perfect for an early morning cup of coffee! Be sure to go out before the sunrise to hear the owls. The outdoor area is really nice with a fire pit, benches, and picnic table. I also really appreciated how clean and clutter-free it was with everything easy to find. I highly recommend it!

Also, if you go with kids, be sure to check out nearby Mountain Creek Park and Forney Creek Trail. We had a lot of fun exploring the trails and our kids loved the huge playground at Mountain Creek.

We had a great stay at the treehouse! Such a fun and unique place to stay. Great communication and instructions, everything was exactly as pictured. We would definitely stay again!

Violeta

1. August 2023

It is a magical place, incredible the tranquility that you can have there, very romantic, a storm hit us and it looked like it was out of a movie, 100 percent recommended and the hostess is very kind, thanks for the stay

Bruno

1. August 2023

The treehouse is a sweet spot, was perfect for my needs, and I found it to be just as described and pictured. There's a couple of coffee shops a short driving distance away, as well as plenty of places to eat. I was visiting family, so I mainly wanted a place to get some space and to sleep. It was perfect for that. Very calm, nestled in the woods. Seems hard to believe that it's so close to the busy malls on 73.

Note that if you want to cook, you can't do it here: it has only a microwave and a mini fridge, as clearly shown in the pictures. Also, if you have mobility issues you're probably not considering something called a "treehouse," but be aware that the stairs (ladder?) to the lofted bedroom are pretty steep.

All in all, a sweet little spot. I'll be back next time I come to town!

Katie

1. August 2023

Amazing place to stay and Tim was a great host. He responded to our questions quickly and was super friendly. We will be staying here again.

A unique little getaway. Visited with family, including two kids, and we all were charmed. Can't wait to come back for a more extended stay.

Michele

1. August 2023

We are so pleased to have found this sanctuary in the trees! We felt like kids as we watched the fireflies dance in the trees at twilight from the wrap-around deck :) The bed is dangerously comfortable and the wake-up view warmly inviting. The outdoor shower is relaxing and very private.

This stay was an unparalleled vacation experience for us, and Tim was an excellent and thoughtful host. We can't wait to return.

Stephanie

1. August 2023

Very clean, comfy bed and futon, extra pillows and blankets. I loved the outdoor shower! It's just calming and perfect way to end your day. We walked the wooded area, seen one particular deer several times, think he lives there and doesn't seem to be bothered by guests as well as a friendly squirrel that also came very close to us. Do bring your preferred bug spray if you're like me and mosquitoes and chiggers like you if you plan to be outside or walking wooded areas. Binoculars were there to use for guests which is thoughtful. I get hot easily and could live in Alaska in a bathing suit so I did get a little warm in the loft bed, it was 72 or so even with mini split at 68. There is a fan at bedside that will help. I love the reading lights on the bed. I had stopped at the bookstore before coming so that was perfect! It was a perfect couple's relaxing getaway!

Krista

1. August 2023

As soon as we walked in my teenage boys asked why we weren't staying longer. This was a fantastic experience that I would highly recommend. This tree house is well maintained and the details were well thought out. Did not feel small at all, was very clean, and comfortable.

Marisa

1. August 2023

The perfect melding of form and function with a dose of fantasy. From the wire kickboards on the steps leading up to the treehouse to the faucet intended for hanging your towel in the shower we noticed that this treehouse was thoroughly thought out. We enjoyed our unique stay and it was the perfect way to break our long drive apart. We have already recommended this place to family.

Kayla

It's a charming little tree house and my kids and I loved it! There are cute little decoration details that make this place unique. The surroundings are beautiful and so peaceful. Wish the coffee table was even bigger for more family game time. 😂 (just kidding- it's perfect for the space) Also, there is something really amazing about the very unique shower and seeing the fireflies at night is a beautiful sight to see!

It was so beautiful inside and out, and Tim provided a list of places nearby (Birkdale Village was our choice and was awesome). We had dinner outside beside a live music set, then finished our evening over the treehouse fire pit with s'mores and music. It was perfect. The outdoor shower was such a peaceful touch! The owners left no detail forgotten! They thought of most any and every thing you would want or need. I was so impressed. My family enjoyed playing board games, fire pit, porch rockers at sunset, outdoor showers, and closeness to civilization at the same time. I couldn't have been more impressed with the owners and their attention to detail and attentiveness!

This was a great stay for us as we were looking for a peaceful get away from home that wasn't too far out from where we lived. Getting there and checking was very easy thanks to the very clear instructions on the door and on the emails. Check in and check out times were very reasonable. We thoroughly enjoyed the stay at the treehouse and would recommend to anybody looking to try something new.

This was one of the best Airbnbs we have stayed in! Our kids LOVED it! It was beautiful, quiet, incredibly clean, very comfortable and the views were fantastic! We cooked dinner over a fire, played games, had coffee on the porch overlooking the evergreens and enjoyed our peaceful family time! The outdoor shower was super cool also! Tim was a wonderful and responsive host, and he did such a wonderful job crafting this tree house! It was even decorated for Christmas! We will absolutely be back!!!

Richard

1. January 2023

We had an amazing time at Crooked Shutter Treehouse. The treehouse was beautiful and it was everything we hoped it would be for our New Years weekend. Tim was very responsive when we needed extra wood for our outdoor fire pit. The outside shower was a hit and a real awesome touch, very refreshing. Overall this is a five star AirBNB and our favorite AirBNB yet. We will be coming back for sure.

1. December 2022

Tim's treehouse was everything as described and more! Even the beautiful pictures can't do it the proper justice. Sitting on the porch rocking chairs watching the sunset over the tree tops was just magical. The treehouse itself has everything we needed. With my daughter having dietary restrictions we had to fully cook everything at the treehouse and it worked out perfectly. They have truly thought of every detail in this treehouse and it shows throughout the entire property.

Brittany

1. December 2022

This treehouse is such a unique find! I truly felt like I was in the mountains with the full pine trees looking out over the deck. Breathtaking, cozy and warm! It had everything we needed and then some. The space heater was perfect for the floors in addition to the central heating. Easy to find! Coffee with a view, never felt more at peace. 10/10

1. December 2022

Beautiful and peaceful. Fun for our family of four. Easy to cook a light meal or breakfast. Quick ride to Charlotte and other restaurants in the area. Next time we hope to explore Lake Norman, but we need that warm North Carolina sunshine! It was too cold for this Christmas trip. Always MAGICAL!!!

Sean

1. December 2022

The treehouse exceeded expectations. Such a great place to stay the night. The house was clean and very well decorated. The outdoor shower with it 30 out was great as well

1. December 2022

I can't say enough good things about this treehouse! It's so modern and beautiful, inside and out. Waking up, the first thing I saw was a beautiful and endless sea of pine trees. As I turned around to check out more of my surroundings, I was lucky enough to see not one, but four deer! You really feel

like you're in the middle of nowhere, it's incredibly peaceful. Treehouse Tim was so welcoming and nice, there was always clear and open communication. I only wish our stay could have been longer!

1. December 2022

Cozy and comfy place for a getaway. We enjoyed the solitude, the rockers on the porch, and the deer wandering through. Limited kitchen/cooking options as shown in photos and description, so best to plan ahead as to whether to bring food or plan on going out.

Amanda

The sunset from the rocking chairs steals the show. But just barely, the outdoor shower was incredible. It was so cozy and lovely.

1. November 2022

Tim's treehouse was an amazing place to stay in the Denver, NC area. We stayed with 2 adults and 1 teenager over thanksgiving while visiting family in the area and were very happy and comfortable there. The space is clean and quite and the surrounding area was peaceful and pretty. We didn't get a chance to use the fire pit since (but it looks awesome!) and we really enjoyed the outdoor shower (very unique and nice hot water). Definitely would stay here again when we come back to visit the fam!

Abigail

1. November 2022

I thought that there were two loft beds. But it was the same bed different linens.

Everything was beautiful. Couldn't of been more perfect, we loved it. Gorgeous views. The sign with the green tree is very helpful to see it ahead to turn especially in the evenings. Loved the outside shower, very refreshing. The loft bed very comfortable. Loved rocking chairs on porch. I could go forever. Highly recommend! Look forward to going again our next trip out!

Our stay at the Crooked Shutter Treehouse was nothing short of incredible. Communication with the host was wonderful leading up to our stay, and even in the treehouse itself, there are clear helpful instructions for various things. We were never left wondering how to do anything during our stay. The treehouse itself is absolutely amazing. It's nestled in a cute little clearing surrounded by trees, giving wonderful views from the balcony and windows. The inside is cozy, with beautiful wood walls, a comfy loft, and even a heated outdoor shower. The attention to detail throughout the treehouse is immaculate; it was literally a perfect stay. The Crooked Shutter Treehouse was the perfect way to celebrate my daughter's start of Kindergarten! Tim could teach a course on hospitality. Whenever I thought "I wonder how to...", there would be a sign explaining or a cute plaque with instructions I couldn't have asked for anything better!

Dave

1. September 2022

The listing is accurate and we were thrilled with the location. Before arriving we went into town which is 15 minutes away to pick up groceries. The Crooked Shutter Treehouse is a good way to escape from the every day hustle and bustle.

We highly recommend this place. We stayed for 3 days and it was hard to leave. 🌳🏠

Perfect. Quiet, tranquil, and not too far removed from anywhere in case you need to pick up something. Cannot recommend this place enough for a quick getaway.

Selina

1. August 2022

We had a great stay at the treehouse! The location is amazing only 30 minutes from the airport, Charlotte the same, and lots of state parks. The treehouse is cozy, we loved sitting on the porch taking in the forest valley view. The campfire area is also very nice. As the kitchenette is just a sink, microwave, and mini fridge I would not plan to do much cooking unless you are adventurous and going to cook over the fire pit. Would definitely recommend this stay for those looking for a quiet, secluded and relaxing Airbnb that is still near a lot of amenities. Tim is a fantastic host and very responsive!

Tymekia

1. August 2022

1. July 2022

We've always wanted to stay in a treehouse! It was the perfect cozy stop on our long roadtrip. A thunderstorm rolled through and it was nice cracking the windows and listening to the rainfall while falling asleep. The woodwork and craftsmanship is amazing. You can tell the owners take a lot of pride in it and its visitors. Loved sitting in the rocking chairs with coffee in the morning taking in the beautiful wooded view. Just wish we could have stayed longer to enjoy it more!

Sarah

1. July 2022

Our family of five stopped at the Crooked Shutter Treehouse on our way to Hilton Head Island. We enjoyed the seclusion and beautiful views - the kids enjoyed the loft bed and outdoor shower. It was an amazing and one-of-a-kind experience; much better than staying in a hotel room! The treehouse was clean, well-maintained and simply beautiful. Tim was responsive and a great host. I would highly recommend stopping for visit.

A perfect stay! Easy to find, everything you could need is there and the place itself exceeds expectations! Tim laid out everything you'd need to know before your stay perfectly in the listing. The little mini kitchen has everything you need to make a simple breakfast, great charcuterie board and/or a meal on the grill. Sitting on the rocking chairs on the deck was straight up heavenly! Bed was very cozy, AC works great, loved the outdoor shower... we'll be back for sure! Thanks, Treehouse Tim!

1. July 2022

It was so much of what we hoped for + more. So many sweet, thoughtful amenities added to make this experience so loving & cozy. It was an extra bonus that we got to sit on the porch and hear rain from the tin roof and watch the storm roll in. So magical!

Sarah

1. July 2022

This was my first booking through Air BnB, and Tim went above and beyond to make the check in process seamless. He communicated frequently, to make sure we had everything we needed.

This treehouse is the perfect tiny house up in the trees! There is a comfy bed in the loft, and the futon folds out to a fairly comfy sleep spot as well. We brought bedding for the futon and we're pleasantly surprised that there was extra bedding and pillows for the futon bed already supplied!

The outdoor shower has awesome hot water and water pressure. And of course it's fun to shower in the outside air. The view is breathtaking from all directions of the treehouse.

I was prepared to deal with bug

Bites, but we did not see a single mosquito. However, We did spray ourselves upon arriving and daily to prevent bites.

The location is secluded but still close to necessities. We drove 10 mins to get groceries in Denver. There were also several cute parks with playgrounds to choose from within a 15 min drive. The one we chose had a splash pad as well. This was perfect since the temps got above 100 degrees!

We would love to stay here again. The perfect compromise for someone that isn't crazy about camping but still wants to enjoy nature.

1. June 2022

The view is spectacular, the place is private and combines the best of nature along with some glamping aspects. The price is very reasonable for the space you get. We went while it was thundering out so we had a chance to view a breathtaking natural scene while we waited for the

weather to die down and use the fire pit for some steaks. Also the microwave came in clutch . They have a small minifridge too! Honestly can't say enough great things about this place for the price .

Carrie

1. June 2022

Soo cute!! Super clean, responsive and helpful host, loved having dinner cooked by the fire. You feel like you are in a place away from everything but are close to town and our family. I zoomed for work on the porch. It's perfect- will stay again.

What an amazing experience! Sitting on the rocking chairs on the porch, beverage in hand, enjoying the sunset...it was as if you're in the middle of a forest, not 30 minutes from Charlotte! The location is great; we spent the one full day we had at the Whitewater Center. The outdoor shower is fantastic; the hot water system is amazing. We'll definitely plan a return visit - unless we build our own treehouse after this inspiring stay! Esteban

Tim is an amazing host. I made the mistake of booking a month too early and realizing it too late. He refunded as much as he could and even gave us a big discount on a new booking. And the place is even better than the pictures, beautifully crafted treehouse, amazing view and quiet surroundings. I proposed to my girlfriend and of course she couldn't say no in these romantic surroundings.

Stacey

1. May 2022

We booked this as a Mother's Day getaway and had so much fun! The futon is crazy comfy! The provided coffee and hot cocoa is a nice touch. Be sure to Spend some time really checking out the details of Both the interior and exterior of the treehouse...soooo many small and big and unique touches that give this place its magic!

We brought a plug in cooler which was perfect for a multi night stay since it could stay on the porch out of the way. We also used foil pans for cooking over the fire which was easy cleanup. We brought a cast iron skillet to make campfire blueberry crisp, but if you do that don't forget pot holders!

The house was super comfy, the heat and AC worked great. The outdoor shower was AMAZING, and the bathroom and rest of the treehouse were super clean. There are a lot of small convenience things that really make this place stand out, like the wifi, charging stations, motion operated spotlights outside, pre cut firewood (if you ask, it's cheap!), games, and even a first aid kit!

You will love this place, I promise. You can tell that the owner had a vision and brought it to life - a lot of love and sweat equity went into this place, and it shows. We will definitely be back!

Epic! The house, the view, the firepit, and the countless door dash orders made our one-night-stay absolutely perfect. The home is a work of art. 1. April 2022

I travel almost exclusively using AirBNB, and I will admit it's rare to find an AirBNB that truly lives up to its listing with no exceptions. This is one of those listings! We were in town only for a very brief night while on a work trip, but what a treat to get to spend it in a beautiful treehouse truly surrounded by nature. We sat out on the rockers and looked at the stars, and watched the sunrise before leaving in the morning. Your view from the deck is truly all woods... you feel so secluded from the busyness of every day life. Not to mention that inside you have all the necessities in an adorably small and cozy space. We both slept comfortably, and now I want to come back with my fiancé for a weekend stay!

Survey a little piece of heaven from the treetops of Crooked Shutter Treehouse - it's the loveliest way to spend a weekend. A step above glamping, this little cottage in the trees provides the comfort of home that will truly lift your sights! The perspective from above is breathtaking, the little solar motion lights provide ample and gentle night lighting. The cottage was clean and comfy, with an

extra-special loft and wow an outdoor shower! Would sincerely love to visit this spot again at different times of the year. I bet it's spectacular in Autumn!

1. March 2022

We had the most wonderful time at this truly special airbnb. So much detailed carpentry, thoughtful design and technology, and local charm in such a unique place. It's a combination of a cozy hotel with some camping-esque features like an outdoor shower and campfire. They've outdone themselves with technology too- the amount of automation and well-placed USB outlets was far beyond our expectations. We loved watching the sunset from the porch with rocking chairs, and playing board games at the picnic table under the treehouse. Location was great too, like 15 minutes from tons of stores and restaurants, and less than 30min from the airport.

Jenn

1. March 2022

This was the perfect getaway for a staycation!! We wanted a couple days away from the responsibilities of home life so we booked with Treehouse Tim and had a wonderful stay. The shower is really enjoyable. Beautiful view of the sunrise/sunset and nighttime stars. The home is perfectly stocked with everything you need. We loved the simplicity of the home. No clutter, very well organized comfy and cozy. We intended on spending more time outside but we were so cozy inside the home that we will need to book another stay to enjoy the outside 😊

1. March 2022

What a fun stay! I was nervous when I saw the forecast for rain - two little boys in a treehouse gave me pause. But when we arrived the magic of the treehouse captured them and we spent an awesome night together playing games.

We enjoyed coffee and hot chocolate in the rocking chairs in the morning and watched a family of deer in the woods.

The treehouse is beautiful and clean, and well stocked to make guests comfortable.

We're already planning another stay!

Nicci

Thanks Tim :)

We booked the treehouse on a complete whim and honestly - couldn't be happier with our decision. The craftsmanship shined throughout the treehouse and it's design. We woke up this morning feeling super thankful Treehouse Tim is sharing this spot with others. Next time you're looking to get away - book this spot without hesitation! Gives you the feels of living off the grid - while still being close to shopping, highways, etc.

This overnight get away was absolutely perfect! The treehouse was everything as described and more. Typically, you'll find that the beds in these aren't exactly comfy, but this bed was so comfortable. We slept with the window cracked so that we could feel the brisk air. Between that and the bed, I didn't want to leave! We will definitely be going back! Highly, highly recommend!

Jenn

1. November 2021

The crooked shutter treehouse is the absolute cutest place in NC!!! Five stars is not enough! I rarely write reviews but I couldn't not write one about this treehouse!

Everything about staying here was perfect! The location, cleanliness, comfort, views, fire pit, coziness, craftsmanship... all of it!

If you stay here.... Arrive to see a sunset! And have dinner at the Chillfire Bar & Grill. Order the calamari and the shrimp pasta! To die for!

Although we didn't use the fire pit, it's in the perfect location and looks so inviting!

Treehouse Tim has taken the time to pay attention to every detail in the treehouse that will make your stay easy and comfortable!

This one is a must!!!! We will be back!!!

Jenny

1. November 2021

We had an amazing experience at the treehouse! Our family loved the extras (board games, extra cozy blankets, hot chocolate!) Beds were super comfy!

We love to camp but this time of year is too cold for our little ones - the treehouse gave us all the camping feels without the time consuming set up. Fire pit was super nice with plenty of bench seating. Everything was clean and neat. Can't wait to go back!!

I cannot thank Tim enough for having us in his beautiful treehouse! From the moment we drove down the private road to the house, I knew it was going to be cool!

It was such a fantastic 18th bday experience for my daughter and the entire family. We played the most fun monopoly game ever the fire for smores went amazingly thanks to Tim setting the firepit up for me, and the attention to detail put into not only the construction, but in making sure we had everything we needed, was fantastic!

The view from the deck was gorgeous and a great place for all 4 of us to have cocoa while rocking on the 4 rocking chairs before we checked out. Definitely recommend!

There are not enough wonderful and kind words to express how amazing this treehouse is. You have to experience it for yourself. It's like a setting out of a love novel with all the beautiful landscape around and the treehouse itself is a true and literal work of art. I proposed on the deck of the treehouse (to my now fiancé) as the sun was setting over the trees and the birds and bugs were

singing. A memory both of us will always remember and cherish. This place is a true slice of heaven!
Thank you Tim for everything and we can't wait to come back to relive it all again.

Rose

1. July 2021

The treehouse was magical, the perfect pause from everyday life. Everything is just as stated in description. But, pictures can only share so much... the crooked shutter treehouse has a feeling... peace, nature, calm. My 7 year old and I thoroughly enjoyed the rocking chairs, spying on nature with binoculars, playing board games, sleeping amongst the trees and the shower is better than most! I suggest showering in the morning with views of the sun peaking amongst the trees... it makes you feel like you could live in a treehouse. ❤️🌳☀️

What an amazing treehouse! Every detail was thoughtful. Treehouse Tim was an excellent communicator. My sisters and I enjoyed making dinner over the fire, having coffee on the gorgeous porch and taking in the serenity. The treehouse has everything you need and we were all so impressed. Look no further and book now - we will be back!

Tim is an artist. The details of the treehouse seem infinite. Serene tree-line views and an amazing fire pit. We wish we lived closer because we would make our stay more routine.

Our stay in the Tree House was outstanding! It is charming, integrated into nature, peaceful and just the getaway we needed!

Tim was very informative but let us check independently, which we appreciated!

We'll definitely be back :)

Booked this for my parents for Mother's Day. Both of them are hard to impress, but the tree house blew them away! They absolutely loved it. Hoping to book for myself soon!

We had a lovely stay at the Treehouse! The cabin is delightful, clean and romantic. Sitting out on the deck surrounded by nature was beautiful. We look forward to returning for another weekend getaway!

Such a beautiful space! Beautiful location and incredibly thoughtful design. The outdoor shower is wonderful, but the view upon waking in the loft is stunning.

Love, love, loved staying in this upscale treehouse in the middle of a tranquil forest!

A beautiful tiny house with every detail! The outdoor shower and the rocking chairs were icing on the cake!
